**CIVIL
PUBLIC ACCESS
FOLDER DESCRIPTION**

**MIAMI-DADE COUNTY CLERK OF THE COURT AND COMPTROLLER
TECHNICAL SERVICES DEPARTMENT
PUBLIC ACCESS**

The Clerk of the Courts provides daily files containing all civil (Circuit and County Civil) case information processed by the court the previous day. These files can be downloaded by the interested parties from the COCC's FTP site.

A ZIP file (daily_civil_***mmddyyyy***.zip) will be posted containing the main case information for the current day and the lookup tables associated to user codes (case events, case types, judges, party types, etc):

The naming convention will be: 'daily_civil_' + <date of extraction> + .zip.

Other weekly and monthly files are described below.

Civil extracts are in the form of ASCII text files in which records are delimited by a caret (^) and have a variable length. The file extension ".exp" stands for export file. The extract files contain the following record structure:
